***Information Disclosure Statement***

The information disclosure statement (IDS) submitted on 06/30/2011 has been entered and considered by the examiner.

**EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The examiner notes that Claim 39 in the Response dated 06/30/2011 omits a previously recited portion of the claim (see Notice of Allowance dated 03/31/2011 on Page 3). This Examiner's Amendment is made to address the omission to Claim 39 and corresponding Claim 85.

The application has been amended as follows:

*In the Claims:*

- amend Claims 39 and 85 as follows:

39. (Currently Amended) A computer-implemented method, comprising:

identifying a document that is stored on a server in a network and that includes links to linked documents;

determining scores for a plurality of the links in the identified document;

modifying the identified document based on the determined scores, wherein modifying the identified document includes:

reordering at least two of the links based on the determined scores, or

sorting at least two of the links based on the determined scores,

comparing the determined scores to a threshold, and

deleting one of the links from the identified document when the determined score for the one of the links falls below the threshold; and  
providing the modified document to a user.

85. (Currently Amended) A computer-readable memory device storing instructions executable by at least one processor, the computer-readable memory device comprising:

one or more instructions to identify a document that is stored on a server in a network and that includes links to linked documents;

one or more instructions to determine scores for a plurality of the links in the identified document;

one or more instructions to modify the identified document based on the determined scores, wherein the one or more instructions to modify the identified document include:

one or more instructions to reorder at least two of the links based on the determined scores, or one or more instructions to sort at least two of the links based on the determined scores.

one or more instructions to compare the determined scores to a threshold,  
and

one or more instructions to delete one of the links from the identified document when the determined score for the one of the links falls below the threshold; and

one or more instructions to provide the modified document to a user.

***Allowable Subject Matter***

Claims 39, 41-45 and 47 - 128 are allowed.

The following is an examiner's statement of reason for allowance:

*Claims 39, 47, 52 and 59:*

For at least the reason(s) set forth in the BPAI Decision dated 01/31/2011, the prior art fails to disclose or suggest the combination of limitations recited in each of the claims.

*Claims 41 - 45, 48 - 51, 53 - 58 and 60 - 84:*

These claims are dependent upon Claims 39, 47, 52 or 59 and are thus allowable.

*Claims 85, 95, 106 and 117:*

These claims merely recite a "Computer readable memory device storing instructions executable by at least one processor" corresponding to allowable Claims 39, 47, 52 or 59 and are thus allowable.

*Claims 86 - 94, 96 - 105, 107 - 116 and 118 - 128:*

These claims are dependent upon Claims 85, 95, 106 or 117 and are thus allowable.
